What's happening at our Grange.....

By Lucette Moramarco, Master
suncette@ gmail.com, (760) 468-7406

As a continuation of our support of local agriculture, we will be hosting a USDA workshop for farmers of 9 acres or less on Dec. 8. Representatives of various agencies will be here to meet one on one with participants to let them know what programs are available to help them with issues pertaining to their crops.

Attached with this newsletter is a draft of the flyer we will be posting and passing out to feed stores, local groups like the Fallbrook Garden Club and Macadamia Society, and the high school Ag Dept. We will also have coverage in the Village News as well as on social media.

This is the first workshop to be held in our state and plans are to hold it all over California with the help of Granges. If you know anyone who could benefit from attending, please pass on the info.

Secretary's Report

Suzy Moramarco, Secretary
suncette@ gmail.com

At our October meeting we obligated David & Donnella Varela and son Jacob. Their older son Tristan will be obligated at a

future meeting. The obligation ceremony also served as a moving up ceremony from Junior Grange for Kendra Donoghue.

To celebrate the event, the Donoghues

brought pizza and salad. The Varelas brought mini bundt cakes for dessert. They were decorated with grange pennants that Donnella and Jacob made.
