Thank You for your support the past year!!

Our organization proudly represents the Saco & Biddeford area, as we have done since 1874. We are dedicated to improving the lives of individuals in our community, state, and union. We provide a central gathering place for programs and events that promote public and civic pride. We also rent our centrally located hall in Saco's Historic District for meetings, receptions, birthday/graduation parties, reunions and many other community type events. Consider renting the Saco Grange Hall for any future events-all funds support our community service projects and maintenance of our historic building.

We have advertised your business and showed your ongoing support by purchasing space on our new Business/Sponsor Supporter Program listing on our website, Facebook, and Grange newsletters.

We envision programs that further the community's education, recreation, economy, agricultural history, and municipal well-being.

Please consider renewing your sponsorship of the Saco Grange by filling out the attached application.

**Respectfully,
Sandra Leeman
